

"This was a great event! Julie is a great person to work with. She was very helpful and organized. Julie really planned everything for me I just had to worry about promoting the event. I highly recommend working with her."

- Sandra Reynolds, Lifestyle Director, Bridgetown and Somerset

"The Healthy Living Caravan was a great way for me to provide a Health Fair for my residents. All the health providers were very professional and offered wonderful screenings. It was easy and I look forward to having them back next year."

- Laura Young, Director of Sales, HarborChase of Naples

Bringing You Convenient
Healthy Care

Healthy Living Caravan

Supporting
Lee & Collier
County

Having a Health Fair can be Easy!

The Caravan was created as a way to take the pressure off of community directors, social organizers, and church administrators who want to offer their group a health fair.

This eclectic group of health care providers are from the Lee and Collier County area and offer a wonderful mix of services. We pride ourselves on being able to work with all types of audiences with all types of needs.

How does it work?

- 1 You pick a date and time that you would like your health fair to be held. Then, call us to check on the availability.
- 2 Next, your job is to create the buzz within your group- telling all potential attendees that "The Caravan is coming!" This can be tricky- we can offer tools to help promote your event to make it great!
- 3 Approximately, one week before your event we will contact you with a confirmed number of vendors to get your space set-up properly with tables and chairs. Some vendors will need access to electricity to offer FREE health screenings.

To better assist your guests, you may select from our list of vendors or open your event to the entire Caravan. If there is a type of health care provider that you're looking for that is not in our group, please let us know and we'd be happy to try to find one.

Full Service Health Fair...

...Just for you!
